Washington Irving's' Legislative Body,

This year the Student Co-operative Association has done the following things:

1. Revised the academic letter point system.
2. Adopted a South Vietnamese boy and sent him money and presents.
3. Sponsored an orientation program for seventh grade students.
4. Guided parents on Back-to-School Night.
5. Sponsored door decorating contest at Christmas.
6. Helped with building and grounds improvement.
7. Proposed and organized a new lunch seating arrangement.
8. Inducted new members into the National Junior Honor Society.
9. Sent delegates to district SCA conference in Quantico, Virginia.
10. Sent a delegate to the state conference at Richmond.
11. Held a contest for the school motto.
12. Landscaped the area between the two wings.
13. Sponsored a drive to raise funds for the Kennedy library.

Student government meetings were held on Fridays in the Band Room, even during the late-bus hour. It was insured by new amendments to the school constitution which provided penalties for those absent without an excuse.

One of the highlights of the year for SCA members was the field trip Mrs. Springer, group sponsor, took them on in the spring. This is the first year that the SCA has gone on a field trip.

Favorite Publications: The Wisp, Our Paper,

The major change in both publications this year was a shift to more student responsibility. WISP staffers glued up their own "dummy." They said that it was like working a gluey jigsaw puzzle. Sketch Book people typed their own copy, and did the student and teacher sections all by themselves.

The WISP dummy must be very accurate because it is photographed and the photographs are used to print the paper. The Sketch Book student sections are the longest and most important part of that book. Staffers had to alphabetize and list over 1,300 names, draw up sheets to put them on, and see that they got to the typing staff. Pictures had to be numbered and labeled for each page.

This year's Sketch Book staff is listed in front of the book. The WISP editorial staff follows:

Editor -- Sharon Patchak
Feature Editor -- Donna Ohr
Art Editors -- Tom Leahy, Karen Morris
Club Editor -- Jess Totten
Fashion Editor -- Patty Bandyk
Literary Editor -- Jan Carson
Sports Editors -- Sally Darden, James McNab, Wendy McRae, Dennis Talton.

A collage of 18 black and white photographs capturing various moments from school life. The images are arranged in a grid-like fashion, with some overlapping. The photos depict students in classrooms, a person dressed as Santa Claus, students cheering with their hands raised, a student sitting on a locker, and various other scenes of students interacting and participating in activities. The overall tone is candid and captures the energy of a school environment.

Memorable Spring Events Include Science Fair,

Science Fair Exhibits

Because the Sketch Book is sent to the press in mid-February, spring events pictures show 1964 activities. Traditional events include a play, the 4-Arts program, an operetta, the Science Fair, the Spring Awards Assembly, and the end-of-the year dance.

This year, as this book was being readied for the printer, Mr. Boyles and Mr. Will were asked about plans for the play and operetta. Both stated that the late bus shortage has prevented any real work on these projects, but hoped that the situation would be straightened in time.

Mr. Will assured the editors that the Science Fair would be held as planned, and Mr. Sardinia commented that he was assigned to head the 4-Arts program.

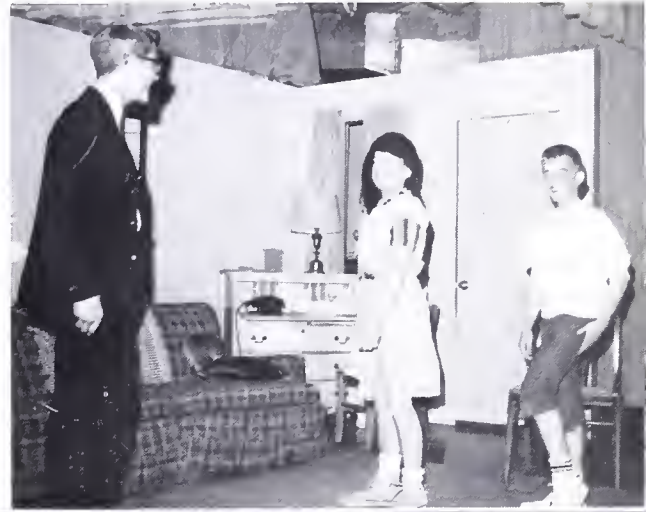

The 4-Arts program welds student art, writing, music and dance into one artistic whole by such methods as interpreting student poems in modern dance.

The annual Science Fair is the showplace for Irving's science talent. Students may compete in any field of science. Winners compete in county, state, regional, and then national shows.

The Spring Awards Assembly, like the winter one, honors all Students who have earned recognition for their achievements.
